

Dress Code at Flempton Golf Club

It is a requirement when at Flempton that all golfers comply with our dress code. This requires that all players wear appropriate smart tailored golf attire as well as recognised golf footwear on the course at all times. Tailored shorts of respectable length are permitted if they are worn with golf socks and shoes. Denim jeans are not allowed on the course.

Dress Code Club Rules

Whilst playing on **“the course”** (this shall encompass the course, the practice ground, the practice nets and the putting green) the following are acceptable:

All specifically manufactured golf clothing noting that shirts should have a collar and should be tucked in unless otherwise designed.

Golf socks must be worn.

Golf shoes must be worn.

Denim, stone washed, tracksuits and rugby/football tops are not permitted.

In **“the clubhouse”** (this shall encompass the clubhouse, the car park, the front terrace and grass areas surrounding the clubhouse) the dress code is smart casual unless a specific dress code is required for an event/match.

It is not acceptable to wear any form of headgear within the bar, dining or internal seating areas unless dispensation is granted by the Club Manager.

Within the Clubhouse it is acceptable to wear clean spike-less golf shoes in order to access the bar and the PSI terminal. However, please remove headgear and avoid bringing in wet/dirty clothing and golf equipment
